理学士(护理学)本科课程

To pursue professional nursing at
a world-leading and renowned university!

Undergraduate Prospectus

Programme Aims

The Bachelor of Science in Nursing [BSc(Nurs)] undergraduate programme is dedicated to cultivating professional nursing leaders with advanced competencies and a global perspective. It aims to bridge Hong Kong, China, Chinese Mainland, and the world, fostering cross-border collaboration and enhancing high-quality healthcare services.

The curriculum offers a comprehensive nursing education, along with extensive clinical and simulation training in a supportive environment, ensuring students are well-equipped for the National Nurse Licensing Examination (NNLE) in Chinese Mainland.

Successful completion of the NNLE and registration qualifies students to become registered nurses in Chinese Mainland, embarking on a fulfilling and promising career in healthcare.

Our programme also lays a solid foundation for the expansion of their professional knowledge and skills in Hong Kong, China and beyond in the future.

课程目标

理学士（护理学）本科课程致力于培养具备卓越能力和国际视野的专业护理领导人才，连接中国香港、中国内地与全球，促进跨境合作，并推动优质的医护服务。

本课程提供全面的护理教育，并在支持性环境中进行广泛的临床与模拟训练，确保学生为参加国家护士执业资格考试做好准备。

成功通过该考试并完成注册后，学生将获得中国内地注册护士资格，从而开启充实且前景广阔的医护职业生涯。

本课程也为学生未来在中国香港及其他地区扩展专业知识与能力奠定坚实基础。

Why HKU BSc(Nurs) Programme?

Pioneering Professional Programme

The University of Hong Kong (HKU), renowned for its long history and global prestige, is breaking new ground with the introduction of an innovative, self-funded, four-year full-time Bachelor's degree programme in Nursing — the first-of-its-kind in Hong Kong, China. Graduates will be awarded a Bachelor of Science in Nursing degree by HKU.

Nurturing Professional Nursing Leaders

The programme is committed to developing a new generation of nursing leaders with professional capabilities and a global perspective, enabling them to play a critical role in the healthcare sectors of Chinese Mainland, Hong Kong, China and internationally, thrive in a promising career amid a rapidly changing global landscape, and make significant contributions to the international nursing profession.

Integrating Advanced International Education with Hong Kong, China and Chinese Mainland Education Paradigms

By integrating advanced international education with Hong Kong, China and Chinese Mainland education paradigms, the programme provides world-class nursing education resources to create a top-tier learning platform for future nursing leaders. It promotes high-quality development in healthcare nursing in Chinese Mainland and meets the growing demand for high-calibre nursing leaders in the Greater Bay Area and beyond.

Interdisciplinary and Inter-professional Education

The curriculum provides a broad and comprehensive foundation in nursing knowledge and covers diverse subjects, including Human Anatomy and Physiology, General Psychology, Microbiology and Applied Pharmacology, Law and Ethics, and Chinese Medicine, among others.

Students may participate in patient care and health projects within the medical faculty and engage in interprofessional learning and simulations. These activities foster collaboration, hands-on learning, and the development of teamwork and shared expertise alongside students from other medical disciplines.

为何选择香港大学的理学士 (护理学) 本科课程？

开创性专业课程

香港大学作为中国香港历史最悠久且居世界顶尖的高等教育机构，开创中国香港首个为期四年自资的全日制理学士（护理学）本科课程，毕业生将获得香港大学授予的理学士（护理学）学士学位。

护理专业领导培养

本课程致力于培养具备专业能力和国际视野的新一代护理领袖，使他们能够在中国内地、中国香港乃至全球健康护理领域发挥关键作用，在快速变化的全球环境中开创充满前景的职业生涯，并在国际护理专业领域作出重要贡献。

融合国际先进教育理念与中国香港和中国内地教育模式

通过融合国际先进教育理念与中国香港和中国内地教育模式，本课程提供世界级护理教育资源，打造顶尖护理人才学习平台。与此同时，课程推动中国内地医疗护理行业的高质量发展，并满足粤港澳大湾区及全球对高素质护理领导者日益增长的需求。

跨学科与跨专业教育

本课程全面覆盖护理学知识，并涵盖人类解剖学与生理学、通用心理学、微生物学与应用药理学、法律与伦理学、中医学等领域，为学生打下坚实的专业基础。

学生将有机会参与医学院的病人关爱与健康项目、跨学科学习及模拟训练。这些活动鼓励学生与其他医学学科的同伴合作与实践学习，培养团队协作能力和共享跨学科的专业知识。

English as the Instruction Medium

The programme adopts a bilingual teaching approach. Outstanding and experienced instructors from HKU deliver theoretical courses in English at the HKU campus, while clinical practicum, preparation courses for the NNLE and a module on Patient-Centered Care and Customer Experience Management are conducted in Chinese in Chinese Mainland.

Exceptional Clinical Partnerships

In collaboration with the HKU-Shenzhen Hospital, affiliated hospitals of renowned universities and leading healthcare groups in Chinese Mainland, the programme offers unique clinical practicum experiences and expert sharing sessions, allowing students to access state-of-the-art medical facilities and build extensive professional networks in the healthcare field.

Cross Border Collaboration

The programme strategically prepares students for the NNLE. After passing the NNLE and completing the registration review, students can become registered nurses in Chinese Mainland and pursue opportunities in top-tier and high-end healthcare institutions.

The curriculum is aligned with the syllabus of the HKU Bachelor of Nursing (full-time) programme accredited by the Nursing Council of Hong Kong (NCHK) (except for the clinical training requirement at recognised hospital sites in Hong Kong, China). It helps enhance the chance of graduates who have obtained Chinese Mainland registered nurse qualifications in passing the NCHK's licensing examination, thereby becoming registered nurses recognised by the NCHK.

Internationalisation and Global Exchange Opportunities

HKU is a globally renowned and highly internationalised institution ranked among the top universities in the world. Committed to excellence in education, research and innovation, HKU offers a vibrant and inclusive campus environment.

Students gain a global perspective that empowers them to thrive in an increasingly interconnected world. This dynamic international community fosters cross-cultural understanding and collaboration, enriching academic pursuits and personal development.

Through close academic exchange with renowned nursing schools worldwide, the programme offers valuable insights into various international nursing systems.

英语教学

本课程采用双语教学模式。课程均由香港大学优秀且经验丰富的导师执教，理论课程在香港大学校园使用英语授课，而临床实习、护士执业资格考试的准备课程及以患者为中心的护理与使用者体验管理课程则在中国内地使用中文进行。

卓越临床合作夥伴

本课程与香港大学深圳医院、中国内地知名大学的附属医院及顶尖医护集团等合作，提供独特的临床实习体验和专家分享会，让学生接触最先进的医疗设施，并建立广泛的医护专业人脉。

跨境合作

本课程全面帮助学生参加国家护士执业资格考试，通过考试及注册审核后成为中国内地注册护士，并有机会在顶尖和高端医护机构工作。

课程的内容对标香港护士管理局认可的香港大学护理学（全日制）本科学士学位课程（在中国香港境内认可医院的临床培训要求除外）。这有助提高已获得中国内地注册护士资格的毕业生，通过中国香港护士执业考试的机会，从而成为香港护士管理局认可的注册护士。

国际化与全球交流机会

香港大学是一所享誉全球且高度国际化的大学，位列世界顶尖大学之列。秉持卓越的教育、科研与创新精神，香港大学为学生提供充满活力且包容多元的校园环境。

学生具备全球视野，这使他们能够在日益互联的世界中蓬勃发展。这个充满活力的国际社区促进了跨文化理解与合作，丰富了学术探索和个人发展。

本课程通过与全球知名护理院校的紧密学术交流，提供各地护理系统的宝贵经验。

Professional Recognition

Students who complete the programme requirements are eligible to take the NNLE*. After passing the NNLE and completing the registration review, they can become registered nurses in Chinese Mainland, embarking on a rewarding and promising career in healthcare.

Graduates who have obtained a Chinese Mainland registered nurse qualification and wish to become registered nurses in Hong Kong, China can apply to the NCHK for approval to take the licensing examination. Upon passing the examination and meeting the relevant registration requirements, they can contribute to the healthcare workforce in Hong Kong, China.

* Subject to approval by The Health Human Resources Development Center, National Health Commission, P.R.China.

Career Prospects and Further Study Pathways

In addition to the required attributes and competencies as a professional nurse, graduates are equipped to independently conduct assessments and appraisals of community healthcare needs. They can pursue careers in multiple areas such as clinical nursing, nursing research, education or management in Chinese Mainland and/ or beyond.

Graduates are provided with ample opportunities to develop a structured career path, featuring a promising career ladder and progression pathway. In particular, professional nurse leaders, who are in great demand in top-tier and high-end healthcare institutions in Chinese Mainland and beyond, are associated with highly respected and prestigious healthcare professional status in society.

Also, graduates who hold a Chinese Mainland nursing license and have at least one year of full-time post-registration clinical nursing experience will have a greater opportunity to be employed by the healthcare institutions in Hong Kong, China as a staff member of its nursing grade, subject to the Nursing Council of Hong Kong's limited registration requirements and prevailing circumstances. The salary may be the same as that of a registered nurse.

Graduates may also continue to pursue the Master of Nursing and then Doctor of Nursing programmes, etc., as proper, at HKU or further their academic development overseas.

专业认可

完成本课程要求的学生将有资格参加国家护士执业资格考试*。通过考试并完成注册审核后，可以成为中国内地注册护士，开启充实且前景广阔的医护事业。

获得中国内地注册护士资格的毕业生，如希望成为中国香港注册护士，可以向香港护士管理局申请批准参加执业考试。通过考试并符合相关注册要求后，便可为中国香港护理人力资源作出贡献。

* 待国家卫生健康委人才交流服务中心批准。

就业前景及升学途径

除了具备作为专业护士所需的素质和能力外，毕业生还具备独立进行社区健康护理需求评估与评价的能力，可以在中国内地和/或其他地区从事临床护理、护理学研究、教育或管理等多个领域的职业。

毕业生将有充足的机会制定完善的职业规划，并建立有前途的职业阶梯和晋升路径。尤其是专业的护理领导者，他们在中国内地和/或其他地区的顶级和高端医疗机构中需求量极大，在社会上享有备受尊崇且极具声望的医护专业地位。

再者，拥有中国内地护士执业资格及具备最少一年全职注册后护理临床经验的毕业生，在符合香港护士管理局的有限度注册规定并视当时情况下，将有更大机会受聘于中国香港的医疗机构，成为其护理职系员工，薪酬或与注册护士相同。

毕业生还可选择继续攻读香港大学的护理学硕士，继而博士等课程，或前往海外进一步发展学术事业。
